

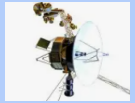
Atlantis and Voyager Class: Autumn 2 Newsletter



What will we be learning this half term?

Mathematics

We begin this half term with a focus on place value. We have been consolidating our place value by using the column method and number lines for addition and subtraction. We will be moving on to Multiplication and Division, using arrays, grouping and bar models to solve equations.

Spelling

This half term, Year 3 will begin their Spelling homework via EdShed. This is set every Thursday and is due the following Wednesday. If you cannot login, please let your class teacher know.

English

This half term, we will be basing our writing on the poem 'Autumn Is Here' where we will focus on our technical language skills of personification, onomatopoeia and use of stanzas to create our own poems.

Recommended Home Reads

James and the Giant Peach by Roahl Dahl
The Boy Who Stole the Pharaoh's Lunch By Anneli Bray & Karen McCombie

Foundation Subjects

This year we have refreshed our curriculum structure and will now complete most foundation subjects on a weekly basis. In Autumn 2, we will cover the following topics: Ancient Egyptians and their impact on the world, creating pneumatic devices in Design Technology, recording a podcast in Computing, cooking and nutrition in Science and it is a return for French this year in Modern Foreign Languages.
