The Americas - Year 6 with Mr Read: Spring 1

Curriculum News

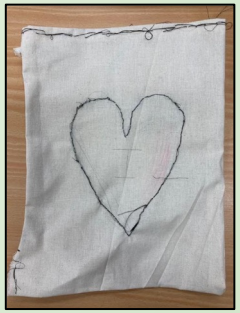

In history, we loved learning about crime and punishment through the ages. We held our own 'court in the classroom' and decided if medieval individuals were innocent or guilty based on the laws of the time.

In geography, we have enjoyed exploring mountains, volcanoes and earthquakes. We used our knowledge to write a non-chronological report on Mount Vesuvius.

Our class story has moved on to the second book in the Little Badman series - The Time Travelling Teacher of Doom.

In maths, we have been regularly practicing our arithmetic skills with 10 questions in 10 minute sessions.

We had a go at sewing our own tote bags in D.T.

What's coming up?

- We are looking forward to the Wonder Dome mobile planetarium visiting school to kick off our space topic!
- Just before Easter, year 5 and 6 will be cooking in D.T.
- After half, we will start practising poetry performances for the Festival of the Spoken word. Children will need to learn their poems at home so they can practise and refine their performances in school!

Reminders: Our PE days next term will still be Wednesdays (indoors) and Fridays (outdoors).

In the lead up to the SATs, homework will be to access the SATs support resources on Google Classroom.
