The Americas - Year 6 with Mr Read: Summer 1

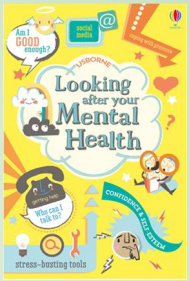

Curriculum News

Firstly, I want to state how proud I feel as the teacher of the year 6 pupils at Woodland View Junior School. During SATs week, the pupils demonstrated exceptional effort and commitment to every paper they faced.

In science, we have been comparing the life cycles and reproduction of mammals, birds, insects, amphibians and plants.

Year 6 represented the school brilliantly at the Crucial Crew event. They took part in workshops from the coastguard, paramedics, air ambulance, lifeguards, police, road safety officers and the fire service. Look out for pictures soon!

Our current class book is Usborne's: 'Looking after your mental health'. This book champions the importance of looking after your mental health and gives an insight into the science behind it all.

What's coming up?

- Next term, we will be learning about Norwich's manufacturing past in history, rivers in geography, spreadsheets in computing and separating materials in science.
- Summer 2 will have a larger emphasis on the transition to secondary school. We are using the RISE UP scheme in school to support this transition.
- Our sports morning is the 20th June.
- The last year 6 swimming lesson is on the 5th July.

Reminders: PE days are Wednesday and Friday. Please ensure children bring in a sun hat, water bottle and wear sun cream if possible. Also, we have had a few items of unnamed school uniform turn up in the classroom. Please ensure any school uniform is named so that it can be returned quickly to its rightful owner.
