Art and Design Knowledge Map

Architecture

How can I use line, shape, and colour to design a monument that tells a story?

The skills I need:

- Making first-hand observations
- Drawing complex forms
- Focusing on detail and precision
- Exploring the purposes of designers

Architect	Person who designs buildings.
Architecture	Design and style of buildings.
Front elevation	The front side of a building as shown on a drawing.
Monoprint	Printmaking where only one impression can be made.
Monument	Structure to honour a special person or event.
Proportion	How big one part looks compared to the whole thing.
Symbolism	The use of symbols to represent ideas.
Viewfinder	A frame to focus on a specific part of a bigger view.
